**CODE OF ETHICS
FOR ADULTS, OLDER YOUTH,
AND YOUTH IN LEADERSHIP ROLES WITH YOUTH**

(Must be read and signed by all Attendees over 18 and Youth in Leadership Roles)

Based on the Code of Ethics for Adults, Older Youth, and Youth who are in leadership roles with Children and Youth, adopted by the Unitarian Universalist Association in 1986.

Adults, older youth, and youth who are in leadership roles are in a position of stewardship and play a key role in fostering the spiritual development of both individuals and the community. It is therefore especially important that those in leadership positions be well qualified to provide the special nurturing, care and support that will enable youth to develop a positive sense of self and a spirit of independence and responsibility. The relationship between young people and their leaders must be one of mutual respect if the positive potential of their relationship is to be realized. There are no more important areas of growth than those of self-worth and the development of a healthy identity as a sexual being. Adults play a key role in assisting youth in these areas of growth. Wisdom dictates that youth and adults suffer damaging effects when leaders become sexually involved with young persons in their care; leaders will therefore refrain from engaging in sexual, seductive, or erotic behavior with youth. Neither shall they sexually harass youth nor engage in behavior with youth that constitutes verbal, emotional or physical abuse. I, _____, as a youth leader, an older youth (over 18) or an adult, recognize my position of power and have read and understand the above statements of position, expectations and actions and agree to follow the Code of Ethics.
